Sorry for not getting back to you, sooner. I have not had a chance to get back to this.

I look forward to discussing with you tomorrow.

Thanks,

Greg Deranleau

Hi Greg,
I just want to confirm that you received my email on Tuesday and if it was sufficient for what you were requesting.

Please give me a call if you have any questions or would like to discuss.

Thank you,
Andrea Gross

Subject: Caddell 2 Dust Mitigation

Hi Greg,
I just spoke with Tabula Rasa and these are the following measures they agreed to take with Road and Bridge in Huerfano County:

- Water the roads on an as needed basis to mitigate dust
- Repair 2 cattle guards
- Assess the bridge to determine if it is adequate. If it is not, they will repair/improve as needed.
- They will keep the county up to date on all improvements that need to be made
- They will notify all owners along the access road

Please let me know if you need any further information. They would really like to start building the location the week of November 20. Can we anticipate an approval in this timeframe and in time to make the necessary Pre-Construction Notifications?

Thanks,

Andrea Gross
