

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF THE APPLICATION OF
WILLIAMS PRODUCTION RMT COMPANY FOR
AN ORDER ESTABLISHING WELL LOCATION
AND SETBACK RULES FOR THE DRILLING OF
WILLIAMS FORK FORMATION WELLS ON
CERTAIN DESCRIBED LANDS IN GARFIELD
COUNTY, COLORADO

CAUSE NO: 139, 440, 479, 510

DOCKET NO:

APPLICATION

COMES NOW Williams Production RMT Company ("Applicant"), a Delaware corporation, by its attorneys, Poulson, Odell and Peterson, LLC, and makes an application to the Oil and Gas Conservation Commission of the State of Colorado for an order establishing well location and setback rules applicable to the drilling and producing of wells from the Williams Fork Formation of the Mesaverde Group underlying certain described lands in Garfield County, Colorado and in support of its application states and alleges as follows:

1. That Applicant is a corporation duly authorized to conduct business in the State of Colorado.

2. That Applicant owns oil and gas leasehold interests covering all or a portion of the following described lands (hereinafter "Application Lands"):

Township 6 South, Range 96 West, 6th P.M.
Section 13: S/2N/2

3. That the Application Lands are unspaced as to the Mesaverde Group and subject to the Commission's Rule 318 (formerly Rule 316).

4. That multiple wells have been drilled, tested and completed in the Williams Fork Formation of the Mesaverde Group upon lands in proximity to the Application Lands.

5. That as to the Application Lands, the Commission should allow Williams Fork wells to be optionally drilled upon a ten (10) acre density basis with each such well to be located downhole anywhere upon such lands provided no such well shall be located downhole any closer than 100 feet from the outside boundary of the Application Lands unless such boundary abuts or corners lands in respect of which the Commission has not at the time of the drilling permit application granted the right to drill 10 acre density Williams Fork wells in which event the Williams Fork wells to be drilled upon the Application Lands shall be drilled downhole no closer than 200 feet from that portion of the boundary which so abuts or corners the lands in respect of which 10 acre density downhole drilling for Williams Fork wells has not been ordered by the Commission.

6. That, except as previously authorized by order of the Commission, wells to be drilled under this Application will be drilled from the surface either vertically or directionally from the equivalent of no more than one pad located on a given quarter quarter section unless exception is granted by the Colorado Oil and Gas Conservation Commission pursuant to application made for such exception.

7. The granting of this application will not promote waste; will not violate correlative rights and will assure the greatest ultimate recovery of gas and associated hydrocarbon substances from the reservoir.

8. That the names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in May, 2007, that notice be given as required by law, and that upon such hearing this Commission enter its order consistent with Applicant's proposals as set forth above.

DATED: March _____, 2007.
