Hey Lexi,

I am reporting a historical release that was discovered during facility decommissioning activities at Crestone's Aristocrat Angus 13-10 wellhead. Please see details below.

Incident Date: 9/9/2024
Operator: Crestone Peak Resources Operating, LLC
Location: Aristocrat Angus 13-10
API #: 05-123-16581
REM #: 32040
County: Weld
Municipality: N/A
Coordinates: 40.237674, -104.657340
Legal: NWSW Sec 10 3N 65W
Description: During facility decommissioning activities, historical impacts were discovered at the wellhead. The impacted soil will be removed and hauled for disposal. Confirmation soil samples will be collected and submitted in compliance with ECMC Table 915-1. An initial Form 19 has been submitted (Doc # 403914723).

Thanks,

Costin McQueen
