

**BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO**

IN THE MATTER OF THE AMENDED APPLICATION
OF WILLIAMS PRODUCTION RMT COMPANY FOR
AN ORDER ESTABLISHING WELL LOCATION RULES
FOR THE ILES FORMATION OF THE MESAVERDE
GROUP FOR CERTAIN DESCRIBED LANDS IN THE
RULISON FIELD AREA, GARFIELD COUNTY,
COLORADO

CAUSE NO. 139

DOCKET NO.

AMENDED APPLICATION

COMES NOW Williams Production RMT Company ("Applicant"), a Delaware corporation, by its attorneys, Beatty & Wozniak, P.C., and makes this amended application to the Oil and Gas Conservation Commission of the State of Colorado for an order authorizing ten (10) acre density drilling for the production of gas and associated hydrocarbons from the Iles Formation of the Mesaverde Group covering certain described lands in the Rulison Field area, Garfield County, Colorado and in support of its amended application states and alleges as follows:

1. That Applicant is a corporation duly authorized to conduct business in the State of Colorado.

2. That Applicant owns leasehold interests in a substantial portion of the following described lands:

Township 7 South, Range 94 West

Section 15: All

(hereinafter "Application Lands")

3. That the Application Lands were approved for ten acre density drilling for the Williams Fork Formation underlying the Application Lands pursuant to the Commission's Order 139-85 dated April 8, 2008.

4. That the Application lands also should be approved for ten acre density drilling for the Iles Formation underlying the Application Lands.

5. That as to all future Iles Formation wells to be drilled upon the Application Lands, the wells should be located downhole anywhere thereon but not closer than 100 feet from a lease line without exception being granted by the Director of the Oil and Gas Conservation Commission. It is provided however that in cases where the Application Lands abut or corner lands in respect of which the Commission has not at the time of drilling permit application granted the right to drill 10-acre density Iles Formation, the wells should be located downhole no closer than 200 feet from the boundary or boundaries of the Application Lands so abutting or cornering such lands without exception being granted by the Director of the Oil and Gas Conservation Commission.

6. That, except as previously authorized by order of the Commission, wells to be drilled under this Application will be drilled from the surface either vertically or directionally from no more than one pad located on a given quarter quarter section (or lots or parcels approximately equivalent thereto) unless exception is granted by the Director of the Colorado Oil and Gas Conservation Commission pursuant to application made for such exception.

7. The granting of this application will not promote waste; will not violate correlative rights and will assure the greatest ultimate recovery of gas and associated hydrocarbon substances from the reservoir.

8. That the names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in September, 2009, that notice be given as required by law and that upon such hearing this Commission enter its order consistent with Applicant's proposals as set forth above.

Dated: August____, 2009.
