APPLICATION

COMES NOW Noble Energy, Inc. (referred to herein as “Applicant”), by and through its undersigned attorneys, and makes application to the Oil and Gas Conservation Commission of the State of Colorado (“COGCC”), for an order to pool all non-consenting interests for the drilling of wells in the below described drilling and spacing units in the Codell and Niobrara Formations in Section 14, Township 5 North, Range 67 West, 6<sup>th</sup> P.M., Weld County, Colorado. In support thereof, the Applicant states and alleges as follows:

1. That the Applicant is a corporation duly authorized to conduct business in the State of Colorado.
2. That the Applicant owns certain leasehold interests in the unit requested for pooling.
3. COGCC Order No. 407-1 established 80-acre drilling and spacing units for the production of oil and/or gas and associated hydrocarbons from the Codell Formation. COGCC Order No. 407-87 extended that to include the Niobrara formation. In accordance with Rule 318A, commingling of the Cretaceous Age formations is authorized and a unit designation of not smaller than a governmental quarter section is to be established when completing a well in the 800’ x 800’ center ¼ section window, which includes the following lands at issue in this Application:

Township 5 North, Range 67 West, 6<sup>th</sup> P.M.

Section 14:   SE¼NW¼, SW¼NE¼  
                  NE¼SW¼, NW¼SE¼  
                  E½NW¼, W½NE¼

(“Application Lands”)

4. Applicant has drilled the Roach N 14-18D and Roach N 14-21D and proposes to drill and complete the wells within the drilling and spacing units encompassed in the Application Lands and described in paragraph 3 above.
5. That the parties listed on Exhibit A hereto own separate leased mineral interests in the Application Lands encompassed within the drilling and spacing unit, and such parties have been offered the option to participate in the drilling of the referenced well in the unit, but to date one or more of such parties have refused to participate by bearing their proportionate shares of the costs and risks of drilling, operating or completing the well. An AFE containing the information required by COGCC Rule 530.a. was sent respecting this well more than thirty (30) days prior to the date of the hearing on this Application. A copy of such AFE and letter is attached hereto as Exhibit B.
6. That in order to prevent waste, protect correlative rights and in the best interests of conservation, all interests owned by the nonconsenting parties listed on Exhibit A should be pooled in the Codell and Niobrara Formations in accordance with C.R.S. § 34-60-116 and Rule 530 of the COGCC.

7. That the names and addresses of the interested parties with respect to this Application are as set forth in Exhibit A hereto.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice thereof be given as required by law and that upon such hearing this Commission enter its order:

A. That all leasehold working interest owners with whom Applicant has been unable to secure an agreement for the drilling of the proposed well as described in paragraph 4 be pooled involuntarily with respect to the Codell and Niobrara Formations, and that such owners be treated as non-consenting owners under C.R.S. § 34-60-116 and made subject to the terms and penalties provided for therein.

B. For such other findings and orders as the Commission may deem proper or advisable in the premises.

DATED this 20th day of April, 2009.

Respectfully submitted,

NOBLE ENERGY, INC.
