BEFORE THE OIL & GAS CONSERVATION COMMISSION OF THE STATE OF COLORADO

IN THE MATTER OF THE APPLICATION OF CHESAPEAKE EXPLORATION, LLC FOR AN ORDER TO AFFIRM ORDER NO. 535-66, STATUTORILY POOLING THE NIOBRARA FORMATION IN AN ESTABLISHED DRILLING AND SPACING UNIT LOCATED IN WELD COUNTY, COLORADO

CAUSE NO: 535

DOCKET NO:

APPLICATION TO AFFIRM ORDER NO. 535-66 STATUTORILY POOLING IN SECTION 24, TOWNSHIP 8 NORTH, RANGE 67 WEST, 6TH P.M. UPON CORRECTED NOTICE

COMES NOW, Chesapeake Exploration, LLC (referred to herein as "Applicant"), by and through its undersigned attorneys, and makes application to the Oil and Gas Conservation Commission of the State of Colorado ("COGCC"), to Reaffirm Order No. 535-66 as it applies to unnoticed interests. Order No. 535-66 statutorily pooled certain interests in Section 32, Township 10 North, Range 66 West, 6th P.M., Weld County, Colorado (hereinafter "Application Lands"). In support of its application, Applicant states and avers as follows:

- 1. That the Applicant is a corporation duly authorized to conduct business in the State of Colorado.
- 2. That on April 28, 2011 Applicant filed an Application for an order to pool all interests for the drilling of a horizontal Niobrara well in the Application Lands ("Pooling Application") in anticipation of drilling the Sidwell 10-66 32-1H well.
- 3. That in accordance with Commission Rules 503.e and 507.b.(2), and § 34-60-108(4), C.R.S. Applicant provided notice to those persons known to Applicant to own any interest in the mineral estate of the Application Lands at least 20 days prior to the Commission hearing on the Pooling Application.
- 4. That on August 12, 2011, effective August 8, 2011, the Commission entered Order No. 535-66, which, among other things, statutorily pooled certain interest owners in the Application Lands.
- 5. That, subsequent to filing the Pooling Application and mailing notices thereof to interested parties, Applicant learned of mineral interest owners within the Application Lands to whom notice of the Pooling Application had not been provided by mail or personal service.
- 6. That all grounds upon which Applicant sought to pool all interest owners in the Application Lands, and upon which Order No. 535-66 was entered, still pertain. Specifically:
 - (a) That the Applicant owns certain leasehold interests in the Application Lands.

- (b) That the Application Lands have been established as an approximate 640 acre drilling and spacing unit for the Niobrara Formation under the Commission's Order No. 535-2 dated August 12, 2010. Applicant currently has plans to drill upon such drilling and spacing unit the Sidwell 10-66 32-1H (hereinafter the "Well"), a horizontal well designed to test and produce oil and associated hydrocarbons from the Niobrara Formation underlying the Application Lands.
- (c) At least 30 days prior to hearing on this application, Applicant will have sent to previously unnoticed working interest owners an appropriate AFE (containing the information required under the Commission's Rule 530.a) detailing the estimated costs of drilling of the Well. Applicant anticipates, however, the possibility that one or more of such owners may refuse to participate in the drilling, testing and completion of the well or otherwise did not respond to Applicant's offer to participate.
- (d) Moreover, that with respect to such previously unnoticed working interest owners, Applicant has or will have made reasonable attempts pursuant to COGCC Rule 530.b. to enter into leases with such Owners but, again, anticipates the possibility it may be unsuccessful in such attempts.
- (e) In order to prevent waste, protect correlative rights and in the best interests of conservation, all interests owners who previously were not given notice (such previously unnoticed interest owners and their addresses being listed in Exhibit "A") should be pooled as to production from the Niobrara Formation in accordance with C.R.S. § 34-60-116 and Rule 530 of the COGCC.
- 7. That the names and addresses of the previously unnoticed interest owners in the affected drilling and spacing unit are as set forth in Exhibit A hereto.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice thereof be given as required by law and that upon such hearing this Commission enter its order reaffirming Order No. 535-66 as it applies to all the previously unnoticed interest owners as listed in Exhibit A hereto and in particular all such working interest owners, if any, in the Niobrara Formation who have refused to execute Applicant's AFE and otherwise join in the drilling of the Well and all such unleased mineral interest owners who have refused to execute a lease covering their mineral interests in the Application Lands, or, alternatively have refused to participate in the costs of drilling the described well and future wells be treated as non-consenting owners under C.R.S. § 34-60-116 and made subject to the terms and penalties provided for therein and for such other findings and orders as the Commission may deem proper or advisable in the premises.

DATED this day of Octob	er, 2011.
	Respectfully submitted:
	Chesapeake Exploration, LLC
