

BEFORE THE OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO

IN THE MATTER OF THE APPLICATION OF  
CONTINENTAL RESOURCES, INC. FOR AN ORDER  
ESTABLISHING SIX APPROXIMATE 1,280 ACRE AND  
EIGHT APPROXIMATE 640 ACRE DRILLING AND  
SPACING UNITS AND ESTABLISHING WELL  
LOCATION RULES FOR THE NIOBRARA  
FORMATION UNDERLYING CERTAIN DESCRIBED  
LANDS IN WELD COUNTY, COLORADO

CAUSE NO.

DOCKET NO.

**APPLICATION**

COMES NOW Continental Resources, Inc. ("Applicant"), a Delaware corporation, by its attorneys, Beatty & Wozniak, P.C., and makes application to the Oil and Gas Conservation Commission of the State of Colorado for an order establishing six approximate one thousand, two hundred eighty (1,280) acre drilling and spacing units and eight approximate six hundred forty (640) acre drilling and spacing units for the drilling of horizontal wells in the Niobrara Formation underlying certain lands in Weld County, Colorado.

In support of its Application, Applicant avers and states as follows:

1. That Applicant is a corporation duly authorized to conduct business in the State of Colorado.
2. That Applicant owns leasehold interests in the Niobrara Formation underlying the lands described on the attached Exhibit A and incorporated by reference (the "Application Lands"). A reference map of the Application Lands is attached as Exhibit B.
3. That, except as related in Section 4, below, the Application Lands currently are not spaced as to the Niobrara Formation and are subject to the Commission's Rule 318.a. which provides that wells 2,500 feet or deeper shall be located not less than six hundred (600) feet from any lease line and not less than one thousand two hundred (1,200) feet from any other producible or drilling oil or gas well when drilling to the same common source of supply, unless authorized by order of the Commission upon hearing.
4. With respect to the proposed 1,280 drilling and spacing unit covering Sections 13 and 24 in Township 8 North, Range 62 West, it is to be noted that Section 24 was established as a 640 acre drilling and spacing unit for the Niobrara Formation under the Commission's Order 535-3 dated March 8, 2011. This application would seek to vacate such drilling and spacing unit in order to include it in the proposed 1,280 acre drilling unit covering both Section 13 and 24 as described above.
5. That Applicant requests the right to drill one horizontal well to and in the Niobrara Formation in each of the drilling and spacing units proposed to be established by to this Application, with the treated interval of the wellbore in each case to be no closer than 600 feet from

the proposed drilling and spacing unit boundaries (regardless of lease lines within the established drilling and spacing unit).

6. That Applicant is experienced in drilling horizontal wells including those with laterals in excess of 9000 feet.

7. That the Niobrara Formation underlying the Application Lands is ideal for the drilling of a horizontal well in each drilling and spacing unit with a lengthy lateral.

8. That based upon geological studies and horizontal drilling of the Niobrara Formation in the same general area of the Application Lands, Applicant asserts that the Niobrara Formation may produce economic volumes of oil, gas and associated hydrocarbons when drilled and completed within horizontal wells having longer laterals.

9. That appropriate setbacks for the drilling of one horizontal well within each drilling and spacing unit to and in the Niobrara Formation of the Application Lands should be as follows:

(a) That the surface location may be located anywhere within a given drilling and spacing unit or outside the unit.

(b) That the treated interval of the wellbore within the Niobrara Formation shall be located no closer than 600 feet from the drilling and spacing unit boundaries.

8. That the proposed drilling and spacing units will allow more efficient development of the oil and gas resources within the Niobrara Formation, will prevent waste, will protect correlative rights and will lead to the ultimate recovery of the hydrocarbons.

9. That the names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit C attached hereto.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in June 2011; that notice be given as required by law and that upon such hearing this Commission enter its order consistent with Applicant's proposals as set forth above.

Dated this \_\_\_\_\_ day of April, 2011.
