AMENDED APPLICATION

COMES NOW AXIA ENERGY, LLC (referred to herein as "Applicant"), by and through its undersigned attorneys, and makes this **amended** application ("**Amended Application**") to the Colorado Oil and Gas Conservation Commission ("Commission"), for an order to pool all interests within a 2280-acre unit Mancos and Niobrara Formations located on the following lands:

Township 8 North, Range 91 West, 6TH P.M.

Section 27: ALL

Section 28: N $\frac{1}{2}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, **SE $\frac{1}{4}$**

Section 33: N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$

Section 34: N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$, S $\frac{1}{2}$ SE $\frac{1}{4}$

Moffat County, Colorado (the "Application Lands").

In support of its **Amended Application**, Applicant states and alleges as follows:

1. Applicant is a limited liability company duly authorized to conduct business in the State of Colorado, and is a registered operator in good standing with the Commission.
2. Applicant owns leasehold interests in a substantial portion of the Application Lands and will be the operator in the 2280-acre unit.
3. Currently, the Application Lands are subject to Commission Rule 318.a. which provides that a well to be drilled in excess of two thousand five hundred (2,500) feet in depth shall be located not less than six hundred (600) feet from any lease line, and shall be located not less than one thousand two hundred (1,200) feet from any other producible or drilling oil or gas well when drilling to the same source of supply, unless authorized by order of the Commission upon hearing. The Application Lands, however, are subject to a 2280-acre unit application filed by Applicant concurrently with this **Amended Application**.

4. Applicant, pursuant to the provisions of C.R.S. § 34-60-116 (6) & (7) and Commission Rule 530, seeks an order pooling all interests, including, but not limited to, any nonconsenting interests, in the Application Lands consisting of the 2280-acre unit for the development of the Mancos and Niobrara Formations, said order to apply to the Bulldog EDSU 27-41H-891 Well ("Well") and any subsequent wells drilled in the unit.

5. Applicant requests that the Commission's pooling order be made effective as of the earlier **of the original January 24, 2013 filing date for this application**, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the Well, or any subsequent well drilled in the unit to the Mancos and Niobrara Formations on the Application Lands.

6. Applicant certifies that copies of this Application will be served on all persons owning an interest in the mineral estate of the tracts to be pooled within seven (7) days of the date hereof, as required by Rule 507.b(2), and that at least thirty (30) days prior to the hearing on this matter, each such interest owner not already leased or voluntarily pooled will be offered the opportunity to lease, or to participate in the drilling of the well, and will be provided with the information required by Rule 530. The list of such interested parties is attached hereto as Exhibit A.

7. That in order to prevent waste and to protect correlative rights, all interests in the Application Lands and the 2280-acre unit for the Mancos and Niobrara Formations should be pooled for the orderly development of the formation, including any nonconsenting interests therein.

WHEREFORE, Applicant requests that this matter be set for hearing at the next available opportunity, that notice be given as required by law, and that upon such hearing, the Commission enter its order:

A. Pooling all interests in the Application Lands and 2280-acre unit for the development of the Mancos and Niobrara Formations.

B. Providing that the Commission's pooling order is made effective as of the earlier **of the original January 24, 2013 filing date for this application**, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the Well or any subsequent well drilled in the unit to the Mancos and Niobrara Formations on the Application Lands.

C. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the authorized well are pooled by operation of statute, pursuant to C.R.S. § 34-60-116(7), and made subject to the cost recovery provisions thereof with respect to all wells drilled to develop the Mancos and Niobrara Formations in the 2280 acre drilling and spacing unit comprising the Application Lands.

D. For such other findings and orders as the Commission may deem proper or advisable in this matter.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in March, 2013, notice be given as required by law, and that upon such hearing, the Commission enter its order consistent with Applicant's request as set forth above.

Dated: January 30th, 2013

Respectfully submitted,
