Township 8 North, Range 92 West, 6TH P.M.

Section 11: All

Section 12: All

Applicant further maintains that the proposed wells will have no adverse effect on correlative rights of adjacent owners.

9. That the names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof, and the undersigned certifies that copies of this Application shall be served on each interested party within the next seven days as required by Rule 503.e.

C. Finding that the approximate **2560-acre unconventional resource unit** will prevent waste, protect correlative rights, and will maximize the efficient and economic production of the Mancos and Niobrara Formations on the Application Lands; and
