Township 8 North, Range 92 West, 6TH P.M.

Section 11: ALL

Section 12: ALL

Section 13: ALL; Less S $\frac{1}{2}$ SE $\frac{1}{4}$

There are no other specific Commission Orders applicable to the Mancos and Niobrara Formations underlying the Application Lands.
4. The Mancos and Niobrara Formations in this area are defined as the stratigraphic equivalent of the interval between 8,060 feet and 11,934 feet as found in the Bulldog #20-12H-892 Well located in the SW/4NW/4 of Section 20, Township 8 North, Range 92 West, 6th

Applicant further maintains that the proposed horizontal wells will have no adverse effect on correlative rights of adjacent owners.

9. That the names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof, and the undersigned certifies that copies of this Application shall be served on each interested party within the next seven days as required by Rule 503.e.

C. Finding that the approximate 2160-acre drilling and spacing unit will prevent waste, protect correlative rights, and will maximize the efficient and economic production of the Mancos and Niobrara Formations on the Application Lands; and

D. Granting any other relief as may be appropriate.
