Cause No. 535

Docket No. \_\_\_\_\_

Intake No. 42

APPLICATION

Whiting Oil and Gas Corporation ("Whiting" or "Applicant"), by and through its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission" or "COGCC") for an order pooling all interests in the approximate 960-acre drilling and spacing unit in the S½ of Section 26 and all of Section 35, Township 10 North, Range 59 West, 6th P.M., Weld County, Colorado for development and production from the Niobrara Formation. In support thereof, the Applicant states as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado.
2. Applicant owns a leasehold interest in the following lands ("Application Lands"):

Township 10 North, Range 59 West, 6th P.M.  
Section 26: S½  
Section 35: All

A reference map of the Application Lands is attached hereto.

3. On September 19, 2011, the Commission issued Order No. 535-76, which established five approximate 960-acre drilling and spacing units with the option to drill up to four horizontal wells within each unit, for the production of oil, gas and associated hydrocarbons from the Niobrara Formation, with the treated interval of the wellbore for the permitted well to be no closer than 600 feet from the unit boundaries, without exception being granted by the Director. The Application Lands are subject to this order.

4. Applicant drilled the Wolf #35-2623H Well (API #05-123-34561) spud December 1, 2011, in SE¼SW¼ of Section 35, Township 10 North, Range 59 West, 6th P.M., Weld County, Colorado with a surface location of 320' FSL and 1945' FWL in the SE¼SW¼ of Section 35, and a bottomhole location of 1994' FSL and 1991' FWL in the NE¼SW¼ of Section

26, Township 10 North, Range 59 West, 6<sup>th</sup> P.M. The above described horizontal well is designed to test and produce oil, gas and associated hydrocarbons from the Niobrara Formation underlying the Application Lands.

5. Applicant also drilled the Wolf #35-2613H Well (API #05-123-35499) spud June 29, 2012, in SW<sup>1</sup>/<sub>4</sub>SW<sup>1</sup>/<sub>4</sub> of Section 35, Township 10 North, Range 59 West, 6<sup>th</sup> P.M., Weld County, Colorado with a surface location of 330' FSL and 660' FWL in the SW<sup>1</sup>/<sub>4</sub>SW<sup>1</sup>/<sub>4</sub> of Section 35, and a bottomhole location of 2008' FSL and 660' FWL and in the NW<sup>1</sup>/<sub>4</sub>SW<sup>1</sup>/<sub>4</sub> of Section 26, Township 10 North, Range 59 West, 6<sup>th</sup> P.M. The above described horizontal well is designed to test and produce oil, gas and associated hydrocarbons from the Niobrara Formation underlying the Application Lands.

6. Pursuant to the relevant provisions of Section 34-60-116(6) & (7), C.R.S., and Commission Rule 530, Applicant seeks an order pooling all interests in the Application Lands for the development and operation of the Niobrara Formation.

7. Applicant certifies that, at least 30 days prior to the date of this Application, each interest owner for which an address could be located, and who was not already leased or voluntarily pooled, was provided with the well proposal and information required by Rule 530 and tendered a reasonable offer to lease (if an unleased mineral owner), or to participate and bear costs associated with the drilling and completion of the Wolf #35-2623H Well and the Wolf #35-2613H Well. Applicant further certifies that each such owner did not elect in writing to lease or consent to participate in either well.

8. Applicant requests that the pooling order entered as a result of this Application be made effective retroactive to the date costs specified in Section 34-60-116(7)(b)(II), C.R.S., were first incurred for the drilling of the Wolf #35-2623H Well and the Wolf #35-2613H Well.

9. Applicant further requests that, for any other well authorized under Commission Order No. 535-76, if any owner to whom notice is delivered as provided in Commission Rule 530 does not elect in writing to lease or participate in such well within the 30-day notice period provided by Commission Rule 530, then such owner shall be deemed non-consenting as to the proposed well, but only if the proposed well is commenced within ninety (90) days after the expiration of the 30-day notice period and completed with due diligence, provided, however, said commencement date may be extended upon written notice by the operator to the other parties for reasons of force majeure.

10. If a proposed well is not commenced within ninety (90) days after expiration of the notice period of thirty (30) days (including any extension thereof caused by force majeure) and completed with due diligence, then written notice proposing such well must be resubmitted to all parties in accordance with Commission Rule 530 as if no prior proposal had been made, and the parties shall have a new 30-day period within which to lease or consent to participate in such well.

11. With respect to any future well drilled in the spacing unit, in order for this pooling order to apply to such well, the operator of the proposed well shall file with the Commission an affidavit stating that the requirements of Commission Rule 530 have been satisfied for such well.

12. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at Section 34-60-101, *et seq.*, C.R.S., and the Commission Rules.

13. The names and addresses of the interested parties (persons who own an interest in the mineral estate of the tracts to be pooled, except owners of overriding royalty interest) are attached hereto and marked Exhibit A. Applicant certifies that copies of this Application will be served on all interested parties to be pooled within seven (7) days of the date hereof, as required by Commission Rule 507.b(2).

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice be given as required by law and that upon such hearing this Commission enter its order:

A. Pooling all interests in the Application Lands, for the development and operation of the Niobrara Formations.

B. Providing that the pooling order is made effective as of the date that the costs specified in Section 34-60-116(7)(b)(II), C.R.S., were first incurred for the drilling of a Niobrara Formation well on the Application Lands, whichever is earlier.

C. Providing that the interests of any owners, with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the authorized well, are pooled by operation of statute, pursuant to Section 34-60-116(7), C.R.S., and made subject to the cost recovery provisions thereof.

D. Providing that for any other well authorized under Commission Order No. 535-76, if any owner to whom notice is delivered as provided in Commission Rule 530 does not elect in writing to lease or participate in such well within the 30-day notice period provided by Commission Rule 530, then such owner shall be deemed non-consenting as to the proposed well, but only if the proposed well is commenced within ninety (90) days after the expiration of the 30-day notice period and completed with due diligence, provided, however, said commencement date may be extended upon written notice by the operator to the other parties for reasons of force majeure.

E. Providing that, if a proposed well is not commenced within ninety (90) days after expiration of the notice period of thirty (30) days (including any extension thereof caused by force majeure) and completed with due diligence, then written notice proposing such well must be resubmitted to all parties in accordance with Commission Rule 530 as if no prior proposal had been made, and the parties shall have a new 30-day period within which to lease or consent to participate in such well.

F. Providing that with respect to any future well drilled in the spacing unit, in order for this pooling order to apply to such well, the operator of the proposed well shall file with the Commission an affidavit stating that the requirements of Commission Rule 530 have been satisfied for such well.

G. For such other findings and orders as the Commission may deem proper or advisable in the premises.

Dated this 29<sup>th</sup> day of August, 2013.

Respectfully submitted,

WELBORN SULLIVAN MECK & TOOLEY, P.C.
