

**BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO**

IN THE MATTER OF THE AMENDED APPLICATION OF CAUSE NO.

EXTRACTION OIL AND GAS, LLC FOR AN ORDER

POOLING INTERESTS IN THE NIOBRARA AND CODELL

FORMATIONS FOR HORIZONTAL WELLS

DOCKET NO. 150700358

LOCATED IN A PORTION OF THE

WATTENBERG FIELD AND FOR THE

ESTABLISHMENT OF THE SIZE OF THE

DRILLING AND SPACING HORIZONTAL UNIT

FOR THE PRODUCTION OF OIL AND GAS FROM

THE NIOBRARA AND CODELL FORMATIONS

IN WELD COUNTY, COLORADO

COMES NOW, Extraction Oil and Gas, LLC, ~~a Colorado corporation~~ **A DELAWARE LIMITED LIABILITY COMPANY** ("Applicant") by and through its attorney, Thomas J. Kimmell, and for its **AMENDED** application for an order for the involuntary pooling of certain interests in production from the Niobrara and Codell formations in the lands described below pursuant to CRS § 34-60-116 and for an order establishing the size of a horizontal drilling and spacing unit implemented pursuant to Cause No. 407-87 and Rule 318A(l)(a)(4)(D), states and alleges as follows:

1. Applicant is duly authorized to conduct business in the State of Colorado, **HAS AN OPERATOR IDENTIFICATION NUMBER OF 10459**, and owns an interest in and operates oil and gas leases and mineral interests covering portions of certain lands located in Weld County, Colorado described as follows:

Township 5 North, Range 65 West, 6th P.M.,

Section 19: N/2

Weld County, Colorado

2. On April 27, 1988, the Commission adopted Rule 318A, which among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all Cretaceous Age Formations from the base of the Dakota Formation to the surface. Rule 318A. supersedes all prior Commission drilling and spacing orders affecting well location and density requirements of Greater Wattenberg Area wells. On December 5, 2005, Rule 318A was amended, among other things, to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was again amended, among other things, to address drilling of horizontal wells. Section 19, Township 5 North, Range 65 West, 6th P.M. is subject to Rule 318A for the Niobrara and Codell Formations.
3. The above-described lands are included within the area governed by the Greater Wattenberg Area Special Well Location Rule, Rule 318A (l) of the Commission rules and the Wattenberg spaced area for the production of oil and gas from the Niobrara and Codell formations (See Order No. 407-87 for the Niobrara and Codell formations).

4. Pursuant to Rule 318A(l)(a)(4)(D), where a drilling and spacing unit does not exist for a horizontal well, as in the present case, a horizontal wellbore spacing unit shall be designated by the operator for each proposed horizontal well. The horizontal wellbore spacing unit shall be comprised of the governmental quarter-quarter sections in which the wellbore lateral penetrates the productive formation as well as any governmental quarter-quarter sections that are located less than four hundred sixty (460) feet from the portion of the wellbore lateral that penetrates the productive zone regardless of section or quarter section lines. In the present case, the laterals of the proposed horizontal wells will either penetrate or be located within 460 feet of Eight (8) quarter quarter sections comprising in total Section 19: N/2. **APPLICANT PROPOSES HEREIN THE ESTABLISHMENT OF A HORIZONTAL WELL DRILLING AND SPACING UNIT AND UPON APPROVAL OF SUCH DRILLING AND SPACING UNIT, WILL FILE A SUNDRY NOTICE TO VACATE THE WELLBORE SPACING UNITS WILL FILE A SUNDRY NOTICE TO VACATE THE WELLBORE SPACING UNITS ESTABLISHED BY THE FILING OF APPLICATIONS FOR PERMITS TO DRILL AS TO THE WELLS DESIGNATED IN PARAGRAPH 7 BELOW.**
5. Applicant is **FURTHER REQUESTING THAT THE** ~~not requesting the change of any established 80-acre drilling and spacing units or the established distribution of proceeds from any existing~~ **FOR** vertical Niobrara **AND CODELL** formation wells **BE VACATED**. Applicant will allocate and distribute proceeds from the horizontal wells on a 320-acre basis.
6. Consistent with the findings in the rulemaking that resulted in the adapted Rule 318A(l)(a)(4)(D) and in order to protect the correlative rights of the owners of the landowners' and overriding royalty interests in and to production from the Niobrara and Codell formations in and under the lands above described and to ensure that each such owner has the opportunity to recover his or her just and equitable share of the oil, gas and associated hydrocarbons produced and to be produced from the Niobrara and Codell formations and to enable the drilling parties to develop these formations and lands, it is necessary to designate the one 320-acre drilling and spacing unit consisting of the N/2 of Section 19 described above. Pursuant to designation of this 320-acre drilling and spacing unit, Applicant is entitled to conduct all operations reasonably necessary on such spacing unit to produce the oil and gas reserves described above, including, without limitation, drilling, completion, producing, and conducting geophysical surveys.
7. Due to the costs and risks associated with the proposed horizontal wells, the creation of one 320-acre drilling and spacing unit is necessary to ensure that each such owner has the opportunity to recover his, her or its just and equitable share of the oil, gas and other associated hydrocarbons produced and to be produced from the Niobrara and Codell formations in and under the N/2 of Section 19 above described. In particular, Applicant proposes to drill, complete and operate the wells described below on such drilling and spacing unit; GP-J

Evans 1-19-19, GP-J Evans C2-19-19, GP-J Evans 2-19-19, GP-J Evans 3-19-19, GP-J Evans C3-19-19, GP-J Evans 4-19-19, GP-J Evans 5-19-19, GP-J Evans C4-19-19 (referred to as the "Initial Wells"). As of the date of submittal of this application, Applicant has completed the drilling of the GP-J Evans 2-19-19 Well. **APPLICATIONS FOR PERMITS TO DRILL HAVE BEEN SUBMITTED AND APPROVED FOR AND API NUMBERS HAVE BEEN ASSIGNED TO FIVE OF THE ABOVE WELLS, AS FOLLOWS: GP-J EVANS 1-19-19 WELL, API NUMBER 05-123-41134; GP-J EVANS 2-19-19 WELL, API NUMBER 05-123-40310; GP-J EVANS 3-19-19 WELL, API NUMBER 05-123-41137; GP-J EVANS 4-19-19 WELL, API NUMBER 05-123-41133; GP-J EVANS 5-19-19 WELL, API NUMBER 05-123-41135.**

8. Applicant owns and operates oil and gas leases and controls mineral interests in the N/2 of Section 19 above-described. A plat of the Spacing Unit is attached hereto as Exhibit A.
9. According to the title work completed by Applicant, the interested parties in the N/2 of Section 19 are identified on Exhibit B attached hereto
10. More than 305 days prior to the date this matter will be heard, by letters sent to the persons described in Exhibit B, whose interests are unleased, Applicant offered to lease, at the prevailing rate, the interests in the oil and gas owned by those parties in the Spacing Unit. A representative sample of the letter and of the oil and gas lease is attached hereto as Exhibit C.
11. The offer to lease was made pursuant to C.R.S. § 34-60-116(7) c and Rule 530 of the rules of the Commission and the terms thereof comply with the requirements of the statute and rule.
12. In addition, Applicant included the opportunity for each unleased owner identified on Exhibit B, whose interests are unleased, to participate in the drilling and operation by bearing his, her or its proportionate share of the costs and risks of the drilling and operating the eight Initial Wells currently planned for the Spacing Unit. The letters included the following information as required by Rule 530 of the Commission's rules:

The location and objective depths of the eight (8) Initial Wells to be drilled in the Spacing Unit,

The estimated drilling and completion costs of the eight (8) Initial Wells to be drilled in the Spacing Unit,

The estimated spud dates for the Initial Wells to be drilled in the Spacing Unit or range of time within which the spudding is to occur and

An AFE prepared by the Applicant and containing the information described above.

13. The parties listed on Exhibit B, whose interests are unleased, have not elected to bear his, her or its proportionate share of the costs and risks of drilling and operating the Initial Wells to be drilled in the Spacing Unit, and have become non-consenting owners as defined by C.R.S. § 34-60-116(7) and Rule 530 of the rules of the Commission.
14. In order to prevent waste, protect correlative rights and in the best interests of conservation and to foster, encourage and promote the development, production and utilization of the oil and gas natural resources, all the unleased and non-participating interests in the Spacing Unit in the Niobrara and Codell formations owned by the parties listed on Exhibit B should be pooled in accordance with the provisions of C.R.S. § 34-60-116.
15. For purposes of pooling and cost recovery pursuant to C.R.S. §§ 34-60-116(6), (7), Applicant requests the Commission to order that:
 - a. Each non-consenting owner be subject to the cost recovery provisions of C.R.S. § 34-60-116(7) as to each of the Initial Wells that Applicant (or a successor in interest) drills within two years of the date of this Order; and
 - b. Applicant shall re-comply with Rule 530 and allow each nonconsenting owner to make a new election to participate or be pooled by statute in each Initial Well, if any, that is not drilled to total depth within two years of the date of this Order; and
 - c. Applicant shall re-comply with Rule 530 and allow each interest owner who is not pooled voluntarily to make an election to participate or be pooled by this order in any subsequently approved well(s) within the drilling and spacing unit.
16. Applicant states that it will attempt to begin drilling the Initial Wells within one year from the date of entry of this Order, by obtaining the necessary approvals and permits to drill.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice thereof be given as required by law and that upon such hearing, this Commission enter its order:

- a. That the N/2 of Section 19 above described be designated as a drilling and spacing unit for production of oil, gas and associated hydrocarbons from the Niobrara and Codell formations from the proposed wells and conduct of oil and gas operations reasonably necessary for such production.
- b. That the unleased and non-participating interests in the 320-acre drilling and spacing unit consisting of the N/2 of Section 19 described above in the

Niobrara and Codell formations owned by the parties listed on Exhibit B, whose interests are unleased or non-participating, are "non-consenting owners" as defined by Rule 530 of the rules of the Commission be pooled and that such owners be treated as non-consenting owners under C.R.S. § 34-60-116,

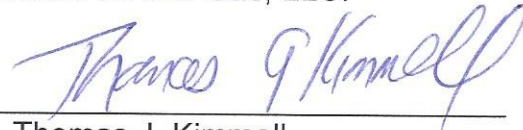

- c. Authorizing the production of oil, gas and associated hydrocarbons from the Niobrara and Codell formations from locations that are permitted by Rule 318A, and
- d. For such other and further relief as this Commission deems just and proper.

Dated this 4th day of ~~May~~ **JUNE**, 2015

Respectfully Submitted,

Extraction Oil and Gas, LLC.
