)

Cause No. 535

Docket No. 150900475

APPLICATION

Carrizo (Niobrara) LLC ("Applicant"),¹ by and through its attorneys, Holland & Hart LLP, respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order to establish a 320-acre drilling and spacing unit with up to 16 horizontal wells authorized in the unit, in the following-described lands:

Township 9 North, Range 58 West, 6th P.M.
Section 29: E½

Weld County, Colorado (the "Application Lands").

In support of its Application, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado and is an operator in good standing with the Commission. Applicant's operator number is 10439.
2. Applicant owns substantial leasehold interests in the Application Lands. A map of the Application Lands is attached as Exhibit A.
3. Commission Rule 318.a. for unspaced lands provides that a well to be drilled in excess of two thousand five hundred (2,500) feet in depth shall be located not less than six hundred (600) feet from any lease line, and shall be located not less than one thousand two hundred (1,200) feet from any other producible or drilling oil or gas well when drilling to the same source of supply, unless authorized by order of the Commission upon hearing. The Application Lands are subject to this Rule for the Niobrara Formation.
4. Applicant requests that the Commission establish a 320-acre drilling and spacing unit upon the Application Lands, and allow up to 16 wells within the unit, with the productive interval of the wellbore to be located no closer than 300 feet from the unit boundaries, and no closer than 150 feet from the productive interval of any other wellbore located in the unit, without exception granted by the Director.
5. Applicant asserts that the requested drilling and spacing unit and number of wells are necessary to prevent waste, protect correlative rights, and to assure the maximum efficient

¹ Carrizo (Niobrara) LLC is a subsidiary of Carrizo Oil & Gas, Inc.

recovery of oil, gas and associated hydrocarbons from the Niobrara Formation on the Application Lands.

6. That in order to promote efficient drainage of the Niobrara Formation underlying the application lands, to prevent waste, and to protect correlative rights, the Commission establish a 320-acre drilling unit with up to sixteen horizontal wells in the drilling and spacing unit comprised of Application Lands. The specified size and configuration of the requested drilling unit is not smaller than the maximum area that can be economically and efficiently drained by the requested well(s).

7. Applicant states that the proposed wells will be located on no more than two well pads within the unit, or the equivalent, without exception granted by the Director.

8. In accordance with Rules 507.b.(1) and (4), the names and addresses of the interested parties to this Application are set forth in Exhibit B, and the undersigned certifies that copies of this Application shall be served on each interested party as required by Rule 503.e.

9. Applicant agrees to be bound by the oral order of the Commission.

10. Applicant shall submit a Communitization Agreement to the Bureau of Land Management within 90 days of the spud of the first well in the proposed unit.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, notice be given as required by law and that upon such hearing this Commission enter its order:

A. Establishing a 320-acre drilling and spacing unit with up to 16 horizontal wells in the unit upon the Application Lands with the productive interval of the wellbore to be located no closer than 300 feet from the unit boundaries, and no closer than 150 feet from the productive interval of any other wellbore located in the unit, without exception granted by the Director.

B. For such other findings and orders as the Commission may deem proper or advisable in the matter.

Dated: June 22 2015
