TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On May 10, 2007, the Commission issued Order No. 440-45, which among other things, segregated the 640-acre drilling and spacing unit consisting of Section 19, Township 7 South, Range 95 West, 6th P.M., into two 320-acre drilling and spacing units consisting of the N½ and S½ said of Section 19 for the production from the Williams Fork and Iles Formations and allowed one well per 20 acres.

On July 6, 2007, EnCana Oil & Gas (USA) Inc. ("EnCana"), by its attorneys, filed with the Commission a verified application for an order to pool all nonconsenting interests in the 320-acre drilling and spacing unit consisting of the S½ of Section 19, Township 7 South, Range 95 West, 6th P.M., for the development and operation of the Williams Fork and Iles Formations. EnCana plans to drill the Federal 19-12 Well and as of the application date, one or more parties have refused to participate by bearing their proportionate shares of the costs and risks of drilling or operating the well, and attempts to enter into leases with unleased mineral owners as yet have been unsuccessful.
