NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On December 19, 1983, the Commission issued Order No. 407-1 (amended on March 29, 2000), which among other things, established 80-acre drilling and spacing units for the production of oil and/or gas and associated hydrocarbons for the Codell Formation underlying certain lands, including Section 29, Township 4 North, Range 68 West, 6<sup>th</sup> P.M., with the unit to be designated by the operator upon drilling the first well in the quarter section. The permitted well shall be located in the center of either 40-acre tract within the unit with a tolerance of 200 feet in any direction. The operator shall have the option to drill an additional well on the undrilled 40-acre tract in each 80-acre drilling and spacing unit.

On February 19, 1992, the Commission issued Order No. 407-87 (amended August 20, 1993), which among other things, established 80-acre drilling and spacing units for the production of oil and/or gas from the Niobrara Formation underlying certain lands, including Section 29, Township 4 North, Range 68 West, 6<sup>th</sup> P.M., with the permitted well locations in accordance with the provisions of Order No. 407-1.

On July 6, 2007, Noble Energy Inc. ("Noble"), by its attorneys, filed with the Commission a verified application for an order to pool all nonconsenting interests in the 80-acre drilling and spacing unit consisting of E½ SW¼ of Section 29, Township 4 North, Range 68 West, 6<sup>th</sup> P.M. for the development and operation of the Codell and Niobrara Formations. Noble has proposed to drill the Dewolf-USX S 29-11 Well, and as of the application date, one or more parties have refused to participate by bearing their proportionate shares of the costs and risks of drilling or operating the well, and reasonable attempts to enter into leases with the unleased mineral owners as yet have been unsuccessful.
