

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF PROMULGATION AND)	CAUSE NO. 139
ESTABLISHMENT OF FIELD RULES TO)	
GOVERN OPERATIONS IN THE RULISON)	DOCKET NO. 0706-AW-15
FIELD, GARFIELD COUNTY, COLORADO)	AMENDED

NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On September 7, 1979, the Commission issued Order No. 139-8, which among other things, established certain 320-acre drilling and spacing units, for the production of gas and associated hydrocarbons from the Mesaverde Formation including the W½ of Section 18 in Township 6 South, Range 93 West, 6th P.M. and the S½ of Section 24 in Township 6 South, Range 94 West, 6th P.M. On February 20, 2007, the Commission vacated Order No. 139-8 as it applied to W½ of Section 18, Township 6 South, Range 93 West, 6th P.M. and established the SW¼ of said Section 18 as a 160 acre drilling unit for the production of gas and associated hydrocarbons from the Mesaverde Formation.

On February 21, 1995, the Commission issued Order No. 139-28, corrected February 21, 2000, which among other things, allowed the equivalent of eight (8) wells to be optionally drilled and produced from the Williams Fork Formation in the 320-acre drilling and spacing unit consisting of S½ of Section 24 in Township 6 South, Range 94 West, 6th P.M.

On February 12, 2007, the Commission issued Order No. 139-70, which among other things, established two (2) approximate 160-acre drilling units consisting of the NW¼ and SW¼ of Section 18, Township 6 South, Range 93 West, 6th P.M., for the production of gas and associated hydrocarbons from the Williams Fork Formation.

On April 19, 2007, Williams Production RMT Company, by its attorney, filed with the Commission a verified application for an order to allow the equivalent of one (1) well per ten (10) acres in the 320-acre drilling and spacing unit consisting of the S½ of Section 24 and in the 160-acre drilling and spacing unit consisting of the NW¼ of Section 18, both in Township 6 South, Range 93 West, 6th P.M., for the production of gas and associated hydrocarbons from the Williams Fork Formation.

That all future Williams Fork Formation wells drilled on the application lands should be located downhole anywhere upon such lands be no closer than 100 feet from the outside boundary of the drilling and spacing unit unless such unit abuts or corners lands in respect of which the Commission has not at the time of the drilling permit application granted the right to drill 10-acre density downhole drilling for the Williams Fork Formation, in which event the Williams Fork Formation wells to be drilled upon the application lands should be drilled downhole no closer than 200 feet from the portion of the boundary which so abuts or corners the lands in respect of which 10 acre density downhole drilling for the Williams Fork Formation wells has not been ordered by the Commission.

That all Williams Fork Formation wells drilled upon the application lands will be drilled from the surface either vertically or directionally from no more than one pad located on a given quarter quarter section unless exception is granted by the Director of the Colorado Oil and Gas Conservation Commission.

NOTICE IS HEREBY GIVEN, that the Oil and Gas Conservation Commission of the State of Colorado, pursuant to the above, has scheduled the above-entitled matter for hearing on:

Date: Tuesday, June 12, 2007

Time: 8:30 a.m.

Place: Public Hearing Room
Old Court House
544 Rood Avenue, 2nd Floor
Grand Junction, CO 81501
(Free public parking lot at 6th and White)

In accordance with the Americans with Disabilities Act, if any party requires special accommodations as a result of a disability for this hearing, please contact Margaret Humecki at (303) 894-2100 ext. 139, prior to the hearing and arrangements will be made.

Pursuant to said hearing in the above-entitled matter at the time and place aforesaid, or at any adjourned meeting, the Commission will enter such orders as it deems appropriate to protect the health, safety and welfare of the public and to prevent the waste of oil and gas, either or both, in the operations of said field, and to carry out the purposes of the statute.

In accordance with Rule 509., any interested party desiring to protest the granting of the application or to intervene on the application should file with the Commission a written protest or intervention no later than May 25, 2007, briefly stating the basis of the protest or intervention. Such interested party shall, at the same time, serve a copy of the protest or intervention to the person filing the application. An original and nine (9) copies shall be filed with the Commission (Rule 503.). **Anyone who files a protest or intervention must be able to participate in a prehearing conference during the week of May 29, 2007.** Pursuant to Rule 503.f., if a party who has received notice under Rule 503.b. wishes to receive further pleadings in the above-referenced matter, that party must file a protest or intervention in accordance with these rules. In accordance with the practices of the Commission, should no protests or interventions be filed in this matter by **May 25, 2007, the Applicant may request that an administrative hearing be scheduled during the week of May 29, 2007.** In the alternative, pursuant to Rule 511.b., if the matter is uncontested, the applicant may request, and the Director may recommend approval on the basis of the merits of the verified application and the supporting exhibits.
