

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF PROMULGATION AND)	CAUSE NO. 139
ESTABLISHMENT OF FIELD RULES TO)	
GOVERN OPERATIONS IN THE RULISON)	DOCKET NO. 0701-SP-04
FIELD, GARFIELD COUNTY, COLORADO)	

NOTICE OF CONTINUATION OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On April 20, 1990, the Commission issued Order No. 139-16, which among other things, established 320-acre drilling and spacing units for the production of gas and associated hydrocarbons from the Mesaverde Formation, including the S½ of Section 32, Township 6 South, Range 94 West, 6th P.M.

On February 21, 1995, (amended April 26, 1995 and corrected February 21, 2000) the Commission issued Order No. 139-28, which among other things, established 80-acre drilling and spacing units, for the production of gas and associated hydrocarbons from the Williams Fork Formation of the Mesaverde Group, including the S½ of Section 32, Township 6 South, Range 94 West, 6th P.M.

On July 10, 2006, the Commission issued Order No. 139-64, which among other things, allowed one (1) well per 10 acres including the S½ of Section 32, Township 6 South, Range 94 West, 6th P.M., for the production of gas and associated hydrocarbons from the Williams Fork Formation of the Mesaverde Group.

On November 20, 2006, Williams Production RMT Company, by its attorney, filed with the Commission a verified application for an order to vacate the 320-acre drilling and spacing unit consisting of the S½ of Section 32, Township 6 South, Range 94 West, 6th P.M., from Order No. 139-16 and establish two (2) 160-acre drilling and spacing units consisting of the SW¼ and SE¼ of said Section 32, for the production of gas and associated hydrocarbons from the Williams Fork Formation and allow the equivalent of one (1) well per 10 acres.

That all future Williams Fork Formation wells should be located downhole anywhere upon such lands but no closer than 100 feet from the outside boundary of the drilling and spacing unit unless such unit abuts or corners lands in respect of which the Commission has not at the time of the drilling permit application granted the right to drill 10-acre density downhole drilling for the Williams Fork Formation, in which event the Williams Fork Formation wells to be drilled upon the application lands should be drilled downhole no closer than 200 feet from the portion of the boundary which so abuts or corners the lands in respect of which 10 acre density downhole drilling for the Williams Fork Formation wells has not been ordered by the Commission.

That all Williams Fork Formation wells drilled upon the application lands will be drilled from the surface either vertically or directionally from no more than one pad located on a given quarter quarter section unless exception is granted by the Director of the Colorado Oil and Gas Conservation Commission.

On December 21, 2006, Williams Production RMT Company, by its attorney, filed with the Commission a written request to continue this matter to the February hearing and the hearing in this matter was continued.

On February 1, 2007, Williams Production RMT Company, by its attorney, filed with the Commission a written request to continue this matter to the March hearing, accordingly, the hearing in this matter was continued.

NOTICE IS HEREBY GIVEN, that the Oil and Gas Conservation Commission of the State of Colorado, pursuant to the above, has rescheduled the above-entitled matter for hearing on:

Date: Monday, March 26, 2007
Tuesday, March 27, 2007

Time: 9:00 a.m.

Place: Suite 801, The Chancery Building
1120 Lincoln Street
Denver, Colorado 80203

In accordance with the Americans with Disabilities Act, if any party requires special accommodations as a result of a disability for this hearing, please contact Margaret Humecki at (303) 894-2100 ext. 139, prior to the hearing and arrangements will be made.

Pursuant to said hearing in the above-entitled matter at the time and place aforesaid, or at any adjourned meeting, the Commission will enter such orders as it deems appropriate to protect the health, safety and welfare of the public and to prevent the waste of oil and gas, either or both, in the operations of said field, and to carry out the purposes of the statute.

IN THE NAME OF THE STATE OF COLORADO

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

By _____
Patricia C. Beaver, Secretary

Dated at Suite 801
1120 Lincoln Street
Denver, CO 80203
February 14, 2007
