ESTABLISHMENT OF FIELD RULES TO)	
GOVERN OPERATIONS IN THE GRAND VALLEY)	DOCKET NO. 0909-SP-20
FIELD, GARFIELD COUNTY, COLORADO)	

NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

Rule 318.a. of the Rules and Regulations of the Oil and Gas Conservation Commission requires that wells drilled in excess of 2,500 feet in depth be located not less than 600 feet from any lease line, and located not less than 1,200 feet from any other producible or drilling oil or gas well when drilling to the same common source of supply. Section 3, Township 8 South, Range 96 West, 6th P.M. is subject to this Rule for the Williams Fork and Iles Formations.

On July 30, 2009, Laramie Energy II, LLC, by its attorney, filed with the Commission a verified application to establish an approximate 40-acre drilling and spacing unit consisting of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 3, Township 8 South, Range 96 West, 6th P.M., for the production of gas and associated hydrocarbons from the Williams Fork and Iles Formations.

All future Williams Fork Formation and Iles Formation wells to be drilled upon the application lands should be located downhole anywhere within a given drilling unit but no closer than 100 feet from the boundary or boundaries of the unit without exception being granted by the Director of the Oil and Gas Conservation Commission. It is provided, however, that in cases where a drilling and spacing unit of the application lands abuts or corners lands in respect of which the Commission has not at the time of drilling permit application granted the right to drill ten-acre density Williams Fork Formation and Iles Formation wells, the well should be located downhole no closer than 200 feet from the boundary or boundaries of the unit so abutting or cornering such lands without exception being granted by the Director of the Oil and Gas Conservation Commission.

That, except as previously authorized by order of the Commission, wells to be drilled under this application should be drilled from the surface either vertically or directionally from no more than one pad located on a given quarter quarter section (or lots or parcels approximately equivalent thereto) unless exception is granted by the Director of the Oil and Gas Conservation Commission pursuant to application made for such exception.

NOTICE IS HEREBY GIVEN, that the Oil and Gas Conservation Commission of the State of Colorado, pursuant to the above, has scheduled the above-entitled matter for hearing on:
