

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF THE PROMULGATION AND)	CAUSE NO. 1
ESTABLISHMENT OF FIELD RULES TO GOVERN)	
OPERATIONS IN MORGAN COUNTY, COLORADO)	DOCKET NO. 1009-GA-13

NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

Rule 804. of the Oil and Gas Conservation Commission requires production facilities, regardless of construction date, that are observable from any public highway to be painted with uniform, non-contrasting, non-reflective color tones, and with colors matched to but slightly darker than the surrounding landscape by September 1, 2010. Further, Rule 801. provides that any Colorado county, home rule or statutory city, town, territorial charter or city and county may, by application to the Commission, seek a determination that any rules and regulations of the 800-Series should not apply to oil and gas activities occurring within its boundaries, or any part thereof. Such determination must be based upon a showing by any Colorado county, home rule or statutory city, town, territorial charter or city and county that, because of conditions existing therein, the enforcement of the rule and regulation is not necessary within the relevant boundaries, for the protection of public health, safety and welfare.

Rule 503.b.(5) provides that any local government within whose jurisdiction the affected operation is located may seek a variance from the Commission.

On July 22, 2010, Morgan County, Colorado (the "County") filed a written request, by its attorney, for a Commission hearing to seek a partial exemption from Rule 804. for all lands within its boundaries. The County is only requesting an exemption from the September 1, 2010 requirement. The County has no objection to the enforcement of Rule 804 as it existed prior to the 2009 amendments, i.e., production equipment must be painted in earth tones upon installation or repainting as of or part of regular maintenance. Further, it is alleged that the enforcement of Rule 804. is not necessary within the boundaries of the County for the protection of public health, safety and welfare.
