On March 30, 2012, Marathon Oil Company ("Marathon" or "Applicant"), by its attorneys, filed with the Commission a verified application ("Application") for an order to establish an approximate 640-acre drilling and spacing unit for the below-described lands ("Application Lands"), and authorize drilling up to four wells within the unit, for the production of oil, gas and associated hydrocarbons from the Niobrara Formation, with the treated interval of any horizontal well to be no closer than 460 feet from the boundaries of the unit, without exception being granted by the Director:
