OPERATIONS IN THE WATTENBERG FIELD,	)	DOCKET NO. 1205-UP-161

NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On December 19, 1983, the Commission issued Order No. 407-1 (amended March 29, 2000), which among other things, established 80-acre drilling and spacing units for the production of oil and/or gas and associated hydrocarbons from the Codell Formation underlying certain lands with the unit to be designated by the operator drilling the first well in the quarter section. The permitted well shall be located in the center of either 40-acre tract within the unit with a tolerance of 200 feet in any direction. The operator shall have the option to drill an additional well on the undrilled 40-acre tract in each 80-acre drilling and spacing unit. Section 31, Township 6 North, Range 65 West, 6th P.M. is subject to this Order for the Codell Formation.

On February 19, 1992, the Commission issued Order No. 407-87 (amended August 20, 1993), which among other things, established 80-acre drilling and spacing units for the production of oil and/or gas from the Codell and Niobrara Formations underlying certain lands, with the permitted well locations in accordance with the provisions of Order No. 407-1. Section 31, Township 6 North, Range 65 West, 6th P.M. is subject to this Order for the Codell-Niobrara Formation.

On April 27, 1998, the Commission adopted Rule 318A., the Greater Wattenberg Well Location Rule ("GWA Rule"), which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all of the Cretaceous Age Formations from the base of the Dakota Formation to the surface. Pursuant to Rule 318A.j., Rule 318A. supersedes all prior Commission drilling and spacing orders affecting well location and density requirements of Greater Wattenberg Area wells. Sections 30 and 31, Township 6 North, Range 65 West, 6th P.M. are subject to Rule 318A., for the production of oil, gas and associated hydrocarbons from the Codell-Niobrara Formation.

On March 30, 2012, Noble Energy, Inc. ("Noble" or "Applicant"), by its attorneys, filed with the Commission a verified application ("Application") for an order to pool all interests in an approximate 160-acre designated wellbore spacing unit for the below-described lands ("Application Lands") to accommodate the Monfort E 31-27 Well (API No. 05-123-24274), for the development and operation of the Codell-Niobrara Formation, effective as of the earlier of the date of the Application, or the date that any of the costs specified in C.R.S. § 34-60-116(7)(b)(II) were first incurred for the drilling of the well, and to subject any nonconsenting interests to the cost recovery provisions of C.R.S. § 34-60-116(7):
