NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On April 27, 1988, the Commission adopted Rule 318A which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all Cretaceous Age Formations from the base of the Dakota Formation to the surface. Rule 318A supersedes all prior Commission drilling and spacing orders affecting well location and density requirements of Greater Wattenberg Area wells. On December 5, 2005, Rule 318A was amended, among other things, to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was again amended, among other things, to address drilling of horizontal wells. Sections 13 and 14, Township 4 North, Range 67 West, 6th P.M. are subject to this Order for the Niobrara Formation.

On February 19, 1992, the Commission entered Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations, with the permitted well locations in accordance with the provisions of Order No. 407-1. Sections 13 and 14, Township 4 North, Range 67 West, 6th P.M. are subject to this Order for the Niobrara Formation.

On June 1, 2010, the Commission entered Order No. 407-373 which includes portions of Sections 13 and 14, Township 4 North, Range 67 West, 6th P.M., but does not apply to and has no effect on the relief requested in the application.

On November 2, 2012, Noble Energy, Inc. ("Noble" or "Applicant"), by its attorneys, filed with the Commission pursuant to § 34-60-116 C.R.S., a verified application ("Application") for an order to pool all interests in an approximate 320-acre wellbore spacing unit established for the below-described lands ("Application Lands"), for the development and operation of the Niobrara Formation, effective as of the earlier of the date of the Application, or the date that any of the costs specified in C.R.S. § 34-60-116(7)(b)(II) were first incurred for the drilling of the Stroh PC O 13-79HN Well (API No. 05-123-35465) ("Well"), and to subject any nonconsenting interests to the cost recovery provisions of C.R.S. § 34-60-116(7):
