

ECMC COMPLAINT PROCESS

Searching for Complaints

Guidance for the Public

I - Overview

Complaints received by the ECMC are entered into internal databases along with data associated with the complaint. Each complaint is also assigned a unique document number.

A single complaint, or multiple complaints, can be searched for by the public using the below link. This document details how this can be done.

<http://ecmc.state.co.us/cogis/IncidentSearch.asp>

II - Searching for a Single Complaint by a Document Number

Once a complaint is received by the ECMC, it is entered into internal databases and assigned a unique document number. Per the new complaint process, ECMC employees will communicate that document number to the complainant. The below are steps on how to search for a complaint using that document number.

1. Go to <http://ecmc.state.co.us/cogis/IncidentSearch.asp>
2. Click “Complaint” on the top.
3. Enter the complaint number in the “Document Number” field.
4. Click “Submit”.

COGIS - Inspection/Incident Inquiry

Search for:

Inspection NOAV Complaint Spill/Release Remediation MIT

DateAdd(code, count, date)

Select county here
if you are **NOT** using
API codes.

ADAMS
ALAMOSA
ARAPAHOE
ARCHULETA
BACA

You may select multiple counties by holding down the Ctrl key while clicking.

Well API: County Code: Sequence Code: API numbers only search wells.
