Dear Mr. Chesson:

On September 15, 2008, the Colorado Oil and Gas Conservation Commission (COGCC) notified Noble Energy, Inc. (NEI) of historical impacts that were discovered at the abovementioned location. Historical impacts were discovered by CAM Real Estate when they contracted ATC Associates Inc. to conduct a Phase I and Phase II Environmental Site Assessment. Noble Energy has since contracted LT Environmental to conduct a more thorough site assessment of the impact. Attached is a report summarizing site assessment activities and a Form 27 detailing remediation plans.

Please contact the NEI environmental department at (970) 785-5025 if you have any questions or require additional information.

Sincerely,
