Kate,

I have been reviewing the Stroh H 12-31 Form 2A (#400010984). COGCC requests the following clarifications regarding the data Noble has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment.

1. **Water Resources (Section 14):** Form 2A indicates the distance to nearest surface water to be 2000 feet. COGCC's review indicates that the closest surface water is 3945 feet to the west (Gilmore Ditch). I can make the change if you send me an email with this request.

This is a minor change and I would like to pass this permit. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.

Dave
