Hi Larry,  
We went out to the field yesterday to re-visit the site. It is an old wood grain shed.  
Thanks,  
Janice

Have you clarified the use of the building that you state is 132' away yet?

Janice

Please send an email to us that accurately describes what this building is and what it is used for. According to our rules any building intended for human occupancy or use such as a garage or workshop etc... must request a 502b variance. Please be specific with your description. Thanks
