RE: Anderson Complaint #200217527
Duper 26-2 BH Gas Sample
Weld County, Colorado

Dear Dennis:

Enclosed is a bradenhead gas sample collected on October 1, 2009. The associated project is the Anderson Complaint and Sample ID is the Duper 26-2. Per a conversation with Steve, please provide results by October 26, 2009.

Please analyze the sample for gas composition (C₁-C₆). Provide both the regular gas compositional analyses and the chemical air free volumes. Additionally, please analyze the samples for the following:

- Delta C-13 of methane
- Delta D of methane

Also, please analyze for the stable isotope of carbon dioxide and ethane if the amounts are sufficient. Please report all results to me and send the invoice to my attention at the COGCC Denver Office. Should you have any questions, please call me at 303-637-7178.

Thank you,

John Axelson, PG
Environmental Protection Specialist
