Subject: NOAV #200222149

Mr. Morgigno,

The Notice of Alleged Violation #200222149 issued to Eddy Oil Company on November 17, 2009, had a deadline of December 31, 2009, for submittal of a Form 27 – Site Investigation and Remediation Workplan. The Form 27 was to include information regarding the replacement water supply for the Anderson residence and a formal plan to mitigate and monitor environmental impacts associated with the release from the Dupper #2. The COGCC has not received the Form 27.

Please provide an update regarding the status of the Form 27 submittal and the actions Eddy Oil has taken to meet the corrective actions required by the NOAV. Failure to comply with the corrective actions required by the NOAV will be taken into consideration in enforcement actions related to this case.

Thank you for your cooperation in this matter.
