Ladies and Gentlemen,

By letter dtd. November 5, 2009, Noble Energy, Inc. requested approval of the 20-day notice for the Ard C06-21D well to be drilled in the second quarter of 2010. This well is located in T4N-R64W-Sec. 6: center of section (bhl). The letter contained one inaccuracy to which Noble Energy, Inc. hereby requests your acceptance in order to avoid issuing new 20-day letters.

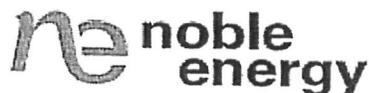

On page 1 of the letter, the spacing unit was described as being the SW/4NE/4, SE/4NW/4, NE/4SW/4 & NW/4SE/4 of Sec. 21 instead of Sec. 6. The plats, reference description, surface and bottomhole footages and approval signature block were all correct in describing Sec. 6. Formations have not changed.

Please let this e-mail serve as correction for the spacing unit to be in Section 6. If this meets with your approval, please reply to this e-mail with a quick "Approved" which will be attached to your previously approved 20-day notice and submitted to the COGCC.

Thank you for your help in this matter. If you have any questions or comments, please call.

Very truly yours,
