Dave,

This is another one of the Form 2A permits that we did not receive notice of via email – eforms.

I have looked at the ENCANA OIL & GAS (USA) INC Federal Number: 20-11 (PN20) Document Number: 400020341

This permit lies in elk winter concentration area and mule deer critical winter range. It is a Fed/Fed permit and is not part of a Federal Master Development Plan.

The BLMs stipulations and Conditions of Approval are sufficient.

Please let me know if you have any questions or would like any clarification on this particular permit.
