Denver, CO 80203

Re: Colorado Department of Public Health and Environment (CDPHE) Consultation for the Black Raven Energy proposed variance request to Rule 603.a.(2) Form 2A #2095199 in Phillips County

Dear Mr. Neslin:

This letter describes CDPHE's determination that no variance of COGCC Rule 603.a.(2) is necessary for the Form 2A #2095199 submitted by Black Raven Energy. Rule 603.a.(2) establishes a minimum distance a well shall be located from a property line and states in part:

"A well shall be a minimum distance of one hundred fifty (150) feet from a surface property line..."

Facts learned during the consultation include:

- Black Raven Energy incorrectly indicated on the Form 2A that they proposed locating a well 9 feet from a surface property line;
- The actual distance to the surface property line is 209 feet; and
- COGCC permitting staff has verified this distance, consequently no variance of COGCC Rule 603.a.(2) is necessary.

In view of the foregoing and after verifying the distance to the surface property line is greater than 150 feet; CDPHE agrees that no variance is necessary. CDPHE reserves the right to consult on any future variance requests from rules this agency may consult on (pursuant to COGCC Rule 306) within this location. If you have questions regarding this recommendation or discussion would be helpful, please contact me at (303) 692-3662.

Sincerely,

Kent Kuster
Oil and Gas Consultation Coordinator
