

ACCESS ROAD MAP

Topographic map of a section of Burlington County, New Jersey. The map shows a proposed shale processing facility (PC GK19-99HZ) located near a well and a bottom hole. The facility is situated near County Road 390 and an access road. The map includes various elevation contours, a grid system, and labels for surrounding areas such as Grover and Burlington. The map is divided into sections by red lines, with numbers 13, 18, 17, 24, 20, 25, 29, 30, and 30 visible. The facility is located in the lower right quadrant of the map, near the intersection of County Road 390 and the access road. The map also shows a well and a bottom hole near the facility. The map is titled "BURLINGTON COUNTY" and "COUNTY ROAD 390".
