Please let me know if these drawings are still not clear.

Thank you,

Susan,

I have been reviewing the Lewis GU 2 **Form 2A** (#2585924). COGCC requests the following clarifications regarding the data BP America has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

1. **Rule 303.d.(3).H.:** The submitted construction layout drawings (Sheet Numbers 5 and 8) are not clear and features cannot be seen. I'm not sure if this was a result of the COGCC scanning process, or the originals were not clear. Can you resubmit these drawings.

This issue needs to be addressed prior to passing the OGLA review. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.

Dave
