DeAnne,

I sent this out on April 30, 2010 and have not heard back. Can you please review and reply. Thanks.

Dave

**Subject:** EnCana Oil & Gas (USA), Daybreak Federal 19-2 (PJ19), NWSE Sec 19 T7S R95W, Garfield County, Form 2A (#400052630) Review

DeAnne,

I have been reviewing the Daybreak Federal 19-2 (PJ19) **Form 2A** (#400052630). COGCC requests the following clarifications regarding the data EnCana has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

1. **Water Resources (Section 14):** Form 2A indicates the distance to the nearest surface is 603 feet. COGCC's review indicates there are intermittent streams located 233 feet to the west and 378 feet to the east of the proposed well pad. I can make the change if you send me an email with this request. Upon further research, I agree, the 233' is the closest. Please change this. COGCC guidelines require designating all locations within close proximity to surface water (i.e., less than 500 feet) a **sensitive area**. The following conditions of approval (COAs) will apply:

**COA 4** - Location is in a sensitive area because of proximity to surface water; therefore, operator must ensure 110 percent secondary containment for any volume of fluids contained at well site during drilling and completion operations. **Agree**

**COA 5** - Operator must implement best management practices to contain any unintentional release of fluids. **Agree**

2. **General:** The following conditions of approval (COAs) will also apply:

**COA 38** - The moisture content of any drill cuttings in a cuttings pit, trench, or pile shall be as low as practicable to prevent accumulation of liquids greater than de minimis amounts. At the time of closure, the drill cuttings must also meet the applicable standards of table 910-1. **Agree**

COGCC would appreciate your concurrence with attaching these COAs to the Form 2A permit prior to passing the OGLA review. The other issue also needs to be addressed prior to permit approval. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.

Dave
