I have reviewed the recent remediation status report for the Colorado Oil and Gas Conservation Commission (COGCC) remediation number 3541. Based on the information provided, the COGCC staff approves the reduction in the monitoring network by the removal of MW06R, MW13, MW17, and MW14 from the sampling program.

Should you have any questions, please call me at (303) 894-2100 ext.112.

Respectfully,
