Re: Request for Waiver  
Gueck 5-19-7-44  
Township 7N, Range 44 W  
Section 19: SW/4 of the NW/4  
Phillips County, Colorado

Dear Mr. & Mrs. Worley,

In accordance with the requirements of Rule 603(a)(2) - Colorado Oil and Gas Conservation Commission, this letter serves as a request by Omimex Petroleum, Inc. for a waiver of the minimum 150' setback rule. The State of Colorado rules indicate that although we have obtained an oil, gas and mineral lease from both the landowner where we will be drilling and from you for your property, which is located near the drill site, we must obtain a waiver from you because we are drilling closer than 150' from your property.

While we understand that this request is duplicative and seeks permission which we have already obtained in the leasing process, and we understand that you do not have a structure near the drill-site, and we have the right to pool surface and minerals, we must abide by the rules promulgated by the State for the health, safety and welfare of the general public.

For questions or concerns about this waiver request you may reach me at 817-321-7015 or 877-343-5608 ext: 215. Until royalties begin to flow we remain . . .

Very truly yours,

Cliff Williams

Land Manager—Mid-Continent

RECEIVED  
JUN 28 2010

State of Colorado  
Rule 603(a)(2) Waiver Request

We waive compliance with Rule 603(a)(2) for Statewide Setback requiring the setback of 150' from the property line for the drilling of the Gueck 5-19-7-44 natural gas well to Omimex Petroleum, Inc. in Phillips County.

We understand that the well will be drilled and surface operations conducted entirely on the surface estate of Mark Gueck and not on our surface estate and therefore grant this waiver to Statewide Rule 603(a)(2).

Subject well to be located in the SW/4 NW/4 of Section 19, T7N, R44W and our property is located in the NW/4 SW/4 of Section 19, T7N, R44W. We understand that our mineral estate will be pooled and we will receive royalty from this well.
