1120 Lincoln Street, Suite 801
Denver, CO 80203

Re: Request for Rule 502b Variance - Exception Location
Rose Ranch Fee 23-6C1 (A22W) Well, Hunter Mesa Unit
Section 23: SENW
Township 7 South, Range 93 West, 6th P.M.
Garfield County, Colorado

Dear Director Neslin,

The above referenced lands ("Subject Lands") are subject to Colorado Oil and Gas Conservation Commission ("COGCC") Rule 318.d. which provides for setbacks for unit operations approved by federal or state authorities. Rule 318.d. provides that (i) no well in excess of two thousand five hundred (2,500) feet in depth shall be located less than six hundred (600) feet from the exterior or interior (if there be one) boundary of the unit area, and (ii) no well less than two thousand five hundred (2,500) feet in depth below the surface shall be located less than two hundred (200) feet from the exterior or interior (if there be one) boundary of the unit area unless authorized by the Commission.

Encana Oil & Gas (USA) Inc. intends to directionally drill the Rose Ranch Fee 23-6C1 (A22W) Well ("Well") with a surface hole location of 769' FNL, 440' FEL in the NENE of Section 22, Township 7 South, Range 93 West and a bottomhole location of 2205' FNL, 1750' FEL in the SENW of Section 23, Township 7 South, Range 93 West, Garfield County, Colorado. Encana operates the Well.

Encana hereby requests that the Director authorize an exception location in accordance with COGCC Rule 318.c, by the granting of a variance to Rule 318.d., as authorized by COGCC Rule 502.b for the following reasons:

1. Encana seeks an exception from Rule 318.d. in that it seeks to directionally drill and produce the Well on the above referenced lands at the detailed location approximately 421' from the Hunter Mesa Unit boundary line. A reference map is attached hereto for your convenience. Encana holds 100% operating rights in the Hunter Mesa Unit.
2. Encana holds 100% operating rights in the Middleton Creek Unit, which is subject to encroachment.
3. On June 1, 2010, pursuant to Rule 318.c., Encana sent a Request for Waiver Letter to all parties entitled to notice of the requested exception location, including those owners outside the unit

area. A representative copy of such letter and distribution list is attached hereto. To date, Encana has received ninety-seven (97) executed waiver letters in return and has not received any protests or objections from the parties receiving the request for waiver.

Based on the foregoing, no violation of the basic intent of the Oil & Gas Conservation Act will occur by the granting of this variance.

Pursuant to Rule 318.c., which states "if waivers cannot be obtained from all parties and no party objects to the location, the operator may apply for a variance under Rule 502.b.", Encana respectfully requests that the Director administratively grant a variance to the well setbacks as set forth herein. Should you have any questions, please call me at (303) 407-4458.

Sincerely,

Jamie L. Jost

RE: Request for Waiver – Exception Location
Pitman Fee 23-6C1 Well
Township 7 South, Range 93 West 6th P.M.
Section 23: SENW
Garfield County, Colorado

Dear Mineral Interest Owner:

Please be advised that Encana Oil & Gas (USA) Inc. ("Encana") is requesting an exception location from the Colorado Oil and Gas Conservation Commission ("COGCC") for the Pitman Fee 23-6C1 Well, a proposed natural gas well to be drilled and completed to the Williams Fork Formation, the surface of which is located in the NENE of Section 22, Township 7 South, Range 93 West 6th P.M., and the bottomhole is expected to be located at 2505' FNL 1715' FWL of Section 23, Township 7 South, Range 93 West 6th P.M. in the SENW, but no closer than 421' from the established drilling and spacing unit boundary rather than 600' as set forth under current field rules. Please see the attached plat for representation of the proposed well location.

The purpose of this letter is to notify you of Encana's intent to request the exception location from the COGCC and to request a waiver from you, as an offset mineral interest owner. It is requested that you sign and return this letter/waiver in the enclosed envelope to my attention within twenty (20) days of the date of this letter. Once we have received your executed response to this letter or if we have not heard from you within twenty (20) days, Encana will proceed with the permitting procedure requesting a variance under COGCC Rule 502.b.

If you have any questions regarding this matter, please contact me at (720) 876-5490. Thank you in advance for your cooperation.

Sincerely,

A handwritten signature in blue ink that reads "Danielle A. Scott".

Danielle A. Scott, Land Negotiator

I/We, _____, as the offset mineral interest owner(s), waive any objection to the aforementioned well bottomhole location provided it is no closer than 421' from the established drilling and spacing unit boundary in the SENW of Section 23, Township 7 South, Range 93 West 6th P.M.
