15. Comments:

WW permit 12500-R was used for distance and static water level. Sensitive area was marked due to close proximity to dirt irrigation canal and shallow water level. This well location has an existing well - Thoutt 1. The Coleman C22-18D and the Lang C22-28D are being added to it. SUA attached to the well permit.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
