15. Comments:

Sensitive area checked due to proximity to surface water which is an irrigation canal. Nearest water well (used for irrigation) is not referenced on the COGCC map. WW location was field measured. Next nearest well was a monitoring well so WW permit 11866-R was used for static depth. Noble requests approval of Rule 603.a.(2) exception location for well location 67 ft from nearest property line, request letter and signed waiver attached.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
