CORRELATION REPORT

Well Name: COOPER CREEK 4 DW1
Job Number: AK0707GEO
Log Date: 19-JUL-2007
Run Number: ONE
Logging Company: SCHLUMBERGER

The data presented is suitable for circulation amongst personnel of your company and may be made available to regulatory agencies. Unless authorized in writing by an officer of Schlumberger, Schlumberger will not release this data to any other company or person, except that which may be required by regulatory agencies. Any interpretation or recommendation which may be provided by Schlumberger (which may include without limitation reservoir modeling, formation testing, well completion and well production studies or recommendations) is opinion based on inferences from measurements, empirical relationships and assumptions, which inferences and assumptions may not be accurate, and Schlumberger makes no representations or warranties as to the accuracy, completeness or reliability of such opinion, and is not responsible for any errors or omissions in connection therewith. All interpretations are advisory only. Schlumberger will not, except in the case of gross or wilful negligence on its part, be liable or responsible for any loss, cost or damage incurred by any person as a result of Schlumberger or any employee, agent or representative of Schlumberger acting in connection with the supply of any such interpretation or recommendation. Schlumberger's maximum liability for any and all claims in connection with any such interpretation or recommendation shall not exceed the total charges actually paid by the customer for the particular interpretation or recommendation.
