Re: Colorado Division of Wildlife Conditions of Approval
Aristocrat Angus Federal 0-4-10 well
Township 3 North, Range 65 West
Section 10: NW/4SW/4
Weld County, Colorado

Ladies and Gentlemen:

In accordance with the requirements of Rule 1202.e. of the Colorado Oil and Gas Conservation Commission ("COGCC"), no permit-specific condition of approval for wildlife habitat protection shall be imposed without surface owner consent. The Colorado Division of Wildlife ("CDOW") has reviewed EnCana's application for the above captioned well and the proposed well lies in sensitive wildlife habitat for a bald eagle nest. The CDOW has recommended the following conditions of approval:

- No human disturbance or construction activity within 0.5 mile of any active bald eagle nest from November 15 to July 31. Activity within 0.5 mile of bald eagle nest sites would be best conducted between August 15 and October 15.
- No surface occupancy or construction within 0.25 mile of any active bald eagle winter night roost site, where there is no direct line of sight to the roost, between December 1 and February 28 and within 0.5 mile of any active bald eagle winter night roost site, where there is a direct line of sight to the roost, between December 1 and February 28.
- No human disturbance within 0.5 mile of any active bald eagle winter roost site from November 15 to March 15 except for periodic visits such as oil maintenance and monitoring. Maintenance and monitoring work within the buffer zone after development should be restricted to the period between 10:00 a.m. and 2:00 p.m.

The stipulation for the bald eagle nest would cover the timing limitations for the bald eagle roost site, but as the habitats overlap both have been included.

If you consent to the CDOW's recommended conditions of approval, please sign and date both originals of this letter, keeping one for your files and returning one to the undersigned.

Should you have questions about these conditions, you may reach the undersigned at 303-885-5569.

Very truly yours,

ENCANA OIL & GAS (USA) INC.
