RE: Twinning Exception Location Consent  
SE/4 Section 25 T6N R67W  
Well Name: Hall 25-33D, 716' FSL and 1802' FEL  
Hall 25-34, 716' FSL and 1783' FEL

Dear Mr. Hall,

Orr Energy plans to drill the Hall 25-33D and Hall 25-34 wells at the above referenced location, specifically described as Hall 25-33D, 716' FSL and 1802' FEL and the Hall 25-34, 716' FSL and 1783' FEL in the SE/4 of Section 25 T6N R67W. An existing surface well location, Long #1 (SW/SE of Section 25, 6N R67W) will be located 225 feet from Hall 25-33D and 235 feet from the Hall 25-34 well locations. COGCC Rule 318.A.c. (2) requires a well to be within 50 feet of a current well (twinning) unless the surface owner approves of the placement of the proposed location.

By signing this letter you hereby grant your consent to Orr Energy to locate the Hall 25-33D and 25-34 more than 50 feet from an existing well.

Virginia Lopez  
Petroleum Field Services  
Agent for Orr Energy, LLC

Signed

Bret Hall
