re: Request for Waiver - Rule 318B(a)(4)  
Bledsoc 9-1-5-45  
NESE: Section 1  
Township 5N, Range 45W

Omimex Petroleum, Inc. and the surface/mineral owner to which this well encroaches respectfully submits and asks that the Director grant an exception to Rule 318B(a)(4), requiring a 300' setback from the section line. The desired location for geological & geophysical reasons is for the gas well to be drilled at the above described location which is approximately 134' from the nearest section line.
