re: Request for Waiver – Rule 318(a)
Bledsoe 1-30-5-44
NENE: Section 30
Township 5N, Range 44W

Omimex Petroleum, Inc. and the surface/mineral owner to which this well encroaches respectfully submits and asks that the Director grant an exception to Rule 318(a), requiring a 1,200' setback from any other Niobrara well permitted or in production. The desired location for geological & geophysical reasons is for the gas well to be drilled at the above described location which is approximately:

975' from API 05-125-09613;
1180' from API 05-125-09955; and
1190' from API 05-125-09497.

Thank you in advance for your consideration.

Best regards,
