re: Request for Waiver - Rule 318(a)
Bledsoe 14-19-5-44
SESW: Section 19
Township 5N, Range 44W

Omimex Petroleum, Inc. and the surface/mineral owner to which this well encroaches respectfully submits and asks that the Director grant an exception to Rule 318(a), requiring a 1,200' setback from any other Niobrara well permitted or in production. The desired location for geological & geophysical reasons is for the gas well to be drilled at the above described location which is approximately:

985' from API 05-125-09499;
1010' from API 05-125-09957; and
1180' from API 05-125-09956.

Thank you in advance for your consideration.

Best regards,
