The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

1. COAS: Under rule 902.(f) Unlined pits shall not be constructed on fill material. The provided drawing show that the proposed pit is partially constructed therefore the following COA will apply :

\* All pits constructed in fill material shall be lined.

Should you have any questions or concerns please do not hesitate to contact me.

Thanks,

Arthur
