Hi Kaylene,

The COGCC is reviewing the Form 2A oil and gas location assessment for the TREE CREEK 10-22H well location in the NWNE Sec22 T10N R65W, Weld County, and requests the following change to the Form 2A submitted by EOG Resources:

1) **Water Resources:** The surveyor drawings list a water well located 4828 southwest of the proposed location. Please approve me changing the distance to nearest water well from 5424 feet to 4828 feet.

Please contact me if you have any questions regarding this Form 2A.

Best Regards,
