Yes, it should be 3 water tanks and 8 oil tanks. A flare pit will be constructed. A Form 15 has been submitted. I approve any changes necessary to amend this information.

Thanks!

Hi Venessa,

The COGCC is reviewing the Form 2A oil and gas location assessment for the WAGNER 11-65 11-1H well location and requests the following clarifications to the Form 2A submitted by Chesapeake Operating Inc.:

- 1) **Facilities:** The facilities list includes 3 oil tanks and 8 water tanks. Should the facilities include 8 oil tanks and 3 water tanks?
- 2) **Facilities – Pit:** Please confirm if a Flare Pit will be constructed. If so, please approve me adding a Special Purpose Pit – Flare Pit.

Please contact me if you have any questions regarding this Form 2A:

Best Regards,

Rick Allison, P.G.
