---

Jan –

Is the location in the SENE quarter quarter or the SWNE quarter quarter?

Thanks,  
Rick

Rick,

Noble approves of the changes listed below.

Thanks  
Jan

---

Hi Jan,

The COGCC is reviewing the Form 2A oil and gas location assessment for the OPDYKE USX I 03-17 well location in the SWNE Sec3 T6N R66W, Weld County, and requests the following changes to the Form 2A:

- 1) **Location:** Please confirm the quarter quarter location. Based on the measurements from section lines, it appears the proposed location is located in the SE-NE quarter quarter, not the SW-NE.
- 2) **Water Resources:** The depth to ground water should be based on shallow water wells, if possible. Water well permit 1598-R-R is a good candidate, among others to the east. Please approve me changing the depth to ground water to 13 feet.
- 3) **Water Resources:** The location is in a sensitive area due to the presence of shallow ground water. Please approve me changing the sensitive area designation from No to Yes.

Please contact me if you have any questions regarding the Form 2A.

Best Regards,

Rick Allison, P.G.
