Depth to ground water determined from Water Well Permit #33975, which is the closest water well with depth to groundwater information. This water well lies to the southwest of the location in Section 16 T11N R63W. The closest water well is Water Well Permit #69356 which is located to the northeast of the location in Section 10 T11N R63W. The closed loop system utilized to drill the referenced well is a semi closed loop system. Drilling mud and cuttings will be remediated prior to burial onsite.
